

Partners/Presenters						
	Agency	Invitee	Topic	Session	Topic	Session
1	Marine Environment and Resources Foundation, Inc. (MERF)	Dr. Porfirio M. Alino	Completing the connectivity cycle for adaptive management: Coral reef ecosystem-based MPA network management chain	Meaningful Science for Purposeful Management	Poster Presentations	
2	Marine Environment and Resources Foundation, Inc. (MERF)	Dr. Gavino C. Trono				
3		Ms. Ria Sariego	The Structure and Biodiversity of Seaweed Communities in Balabac Marine Biodiversity Corridor	Meaningful science for Purposeful Management		
4		Mr. Wendell Gallon	Developing the Seaweed Farming Industry in Balabac Marine Biodiversity Conservation Corridor: One Year Onwards	Meaningful science for Purposeful Management		
5	Tropical Marine Research for Conservation	Dr. M. Louella L. Dolar	Marine mammals of the three marine biodiversity corridors: Verde Is. Passage, Balabac Strait and the Cagayan Ridge	Meaningful Science for Purposeful Management	Marine mammals of the Verde Is. Passage MBCC	Meaningful Science for Purposeful Management
			Training on Marine Mammal Identification and Abundance Estimates Using the Line Transect Method	Targetted Capacity Building	Marine mammals of the Balabac Strait MBCC	Meaningful Science for Purposeful Management
6		Jo Marie V. Acebes				Historical whaling in the Philippines: mapping whaling grounds and comparison with current distribution
7	Palawan State University Center for Strategic Policy and Governance, Inc.	Dr. Michael D. Pido	Towards Improving Marine Biodiversity and Sustaining the Coastal Resources in the Balabac Strait Corridor	Meaningful Science for Purposeful Management		
8	Reef Check Conservation Program, Inc.	Dr. Domingo Ochavillo	Species status, threats and framework for sustainable fisheries in Verde Island aquarium collection	Meaningful Science for Purposeful Management		
9	UP Diliman Department of Geodetic Engineering-QC Thesis Grantee: GIS Mapping	Ms. Margaux Abella	Coral mortality discrimination and habitat phase shift analysis using Landsat TM and ETM+ imageries of Verde Passage and Balabac Palawan	Meaningful Science for Purposeful Management		
10	Kabang Kalikasan ng Pilipinas	Mr. Riki Sandalo	MPA Establishment in Batangas Province of the Verde Passage Marine Biodiversity Conservation Corridor	Meaningful Science for Purposeful Management		
11		Mr. Joel Palma				
12	University of the Philippines in The Visayas Foundation, Inc.	Dr. Wilfredo L. Campos	Investigating Biodiversity Corridors in the Sulu Sea: Distribution and Dispersal of Fish Larvae	Meaningful Science for Purposeful Management		
13		Pacifico Beldia II				
14	Conservation International- Principal Seabird Consultant	Arne Jensen			A Briefing on Seabirds in the Philippines and in the Marine Biodiversity Corridors	Meaningful Science for Purposeful Management
15	Conservation International- Seabird Research Assistant	Arturo Manamtam				
16	Conservation International-Mangrove Specialist	Mr. Dexter Cabahug	Mangrove Vegetation Analysis and Resource Characterization in the Balabac Strait Marine Biodiversity Conservation Corridors	Meaningful Science for Purposeful Management		
17	Tubbataha Management Office	Ms. Angelique Songco	Law enforcement and monitoring initiatives in the TRNP	Enforcement for Strategy Development	Conservation research management actions for seabird populations	Meaningful Science for Purposeful Management
18	Western Philippine University	Mr. Joie Matillano	Notes on avian species in Balabac Strait Marine Biodiversity Conservation Corridor	Meaningful Science for Purposeful Management		

19						
20		Mr. Jom Daclan	Marine Threatened Species Interaction in Fisheries Operations in the three MBCCs in the SSS; Verde Passage, Cagayan Ridge and Balabac Strait	Meaningful Science for Purposeful Management	Marine Threatened Species Interaction in Fisheries Operations in the Verde Passage MBCC	Meaningful Science for Purposeful Management
21		Ms. Tina Lintag			Marine Threatened Species Interaction in Fisheries Operations in the Cagayan Ridge MBCC and Balabac Strait	Meaningful Science for Purposeful Management
22		Ms. Tina Lintag			Marine Threatened Species Interaction in Fisheries Operations in the Balabac Strait MBCC	Meaningful Science for Purposeful Management
23	Pawikan Conservation Project	Mr. Nilo B. Ramoso	Status of Marine Turtle and Dugong Conservation and Management in the four MBCCs in the SSS: Verde Passage, Cagayan Ridge, Balabac, and Turtle Island Wildlife Sanctuary	Meaningful Science for Purposeful Management	Status of Marine Turtle and Habitat in the Verde Passage MBCC	Meaningful Science for Purposeful Management
24		Dr. Rizza Salinas			Status of Marine Turtle and Habitat in the Cagayan Ridge MBCC	
25		Mr. Renato Borja			Status of Marine Turtle and Habitat in the Balabac Strait MBCC	
26		Mr. Renato Cruz			Status of Marine Turtle and Habitat conservation and management in the Turtle Island Wildlife Sanctuary	
27	Conservation International-Seagrass Specialist	Ms. Joanne Tiquio	Characterization of seagrass communities and associated-seaweeds in the Balabac Strait Marine Biodiversity Corridor	Meaningful Science for Purposeful Management		
28	Department of Fisheries Sabah	Mr. Rayner Datuk Stuel Galid	By-catch fisheries research and aquaculture management planning	Meaningful Science for Purposeful Management		
29	University of Udayana	Mr. Gusti Ngurah Mahardika	Mapping of the genetic stocks of green and hawksbill turtles in Derawan Islands, Berau, East Kalimantan for determine the boundaries and the quality of marine systems for sea turtles population in Sulu-Sulawesi Sea Scape protected area	Meaningful Science for Purposeful Management		
30	Conservation International-Cetacean Consultant	Dr. Ma. Theresa Aquino	Training on Marine Mammal and Turtle Stranding Response	Targetted Capacity Building	Marine Mammals of the Cagayan Ridge MBCC (co-authored with Louella Dolar)	Meaningful Science for Purposeful Management
31	University of the Philippines Los Banos Foundation, Inc.	Dr. Maria Victoria O. Espaldon	Provision of Thesis and Dissertation Grants to Graduate students	Partnerships, Policy and Politics		
32		Dr. Lourdes Castillo				
33		Carmelita Rebanco				
34		Christine Casal				
35	Coastal Conservation and Education Foundation, Inc.	Atty. Rose Liza Eisma-Osorio	Establishing partnerships with dive professionals for coral reef and species conservation	Partnerships, Policy and Politics		
36	Conservation International-Policy Consultant	Atty. Ipat Luna	Policy review, analysis and recommendations for oil and gas impacts, biodiversity conservation and fisheries management in the SS	Partnerships, Policy and Politics		
37	Conservation International-Resource Valuation Consultant	Ms. Rina Rosales	Resource valuation & identification of revenue-generation measures	Partnerships, Policy and Politics		
38	First Philippine Conservation, Inc.	Atty. Rodolfo Quicho, Jr.	Public-Private Partnership – Verde Island Integrated Conservation and Development Program	Partnerships, Policy and Politics		

39	Marine Aquarium Council, Inc. (MAC)	Mr. Arun Abraham	Transformation of the marine aquarium fishery/trade in the Verde Passage MBCC through capacity building to achieve MAC certification and sustainable marine conservation	Targetted Capacity Building		
40	Tanggal Kalikasan, Inc.	Atty. Asis Perez	Institute of Environmental Governance for Verde Passage LGUs	Targetted Capacity Building		
41	Philippine Council for Aquatic and Marine Research and Development - DOST	Ms. Ester Zaragoza	Capacity Building for Local Government Units on Integrated Coastal Management and Fisheries Management (+TNA)	Targetted Capacity Building		
42	World Fish Center	Dr. Nicolas Bailly	Information system framework for project, species and sites in the Sulu Sulawesi Seascape Project	Targetted Capacity Building		
43		Rudy Reyes				
44		Joan Glorioso				
45	Haribon Foundation	Anabelle Plantilla	Impact evaluation of capacity building activities in Verde and Balabac MBCCs	Targetted Capacity Building		
46	World Wildlife Fund for Nature-Malaysia	Kenneth Ramsey Kassem	Capacity Building for Marine Conservation and Management	Targetted Capacity Building		
47		1 additional				
48	Marine Research Foundation	Dr. Nicolas J. Pilcher (will send alternate)	Capacity Building and Design of a Trinational Sea Turtle Marine Protected Area Network in the SSS	Targetted Capacity Building		
49	Conservation International-Ecotourism Consultant	Mr. Carlos M. Libosada	Ecotourism policy review, analysis and recommendation for the MBCCs	Sustainable Financing Options		
50	Reef Guardian Sdn Bhd	Ms. Chung Fung Chen	Sea Turtle Monitoring and Enforcement in Sugud Islands Marine Conservation area	Enforcement for Strategy Development		
51		Mr. Edwin Alberto				
52	Sabah Parks	Paul Basintal	Enhancement of sea turtle protection and management in Sabah	Enforcement for Strategy Development		
		Fazrullah Razak				
53	Steering Team of Berau Coastal and Marine Resources Management	Mr. Hatta Arsyad	Marine Turtle Protection Management within Bearu Marine Conservation Area	Enforcement for Strategy Development		
54	Conservation International-Indonesia	Mr. Ketut Sarjana Putra
